

An Industry Standards Organization

www.dmtf.org

WHO

→ Led by innovative, industry-leading companies, DMTF has a global presence with members from around the world.

WHAT

→ DMTF standards support diverse emerging and traditional IT infrastructures including cloud, virtualization, network, servers and storage. A complete list of standards is available at dmtf.org/standards.

WHY

→ Nationally and internationally recognized by ANSI and ISO, DMTF standards enable a more integrated and cost-effective approach to management through interoperable solutions.

HOW

→ Simultaneous development of Open Source and Open Standards is made possible by DMTF, which has the support, tools, and infrastructure for efficient development and collaboration.

Join DMTF

Membership offers opportunity to impact the industry by participating in the process of defining standards and programs. DMTF maintains itself as the ideal forum for industry leading companies to come together in a collegial and established environment to collaborate on relevant interoperable management standards.
